BizzAR

## Roller Effect AR 2090

*Roller effect is achieved by using the texture roller. Big, small and medium textures can be achieved by applying different intensities of pressure on the roller.*

## Drape Effect AR 2080

*Drape effect is achieved by using a special trowel. Different patterns are created by different movements of trowel.*

**Brush Effect** AR 2051

*Blocks Brush effect is applied by using the brush and different patterns are made by different strokes of the brush.*

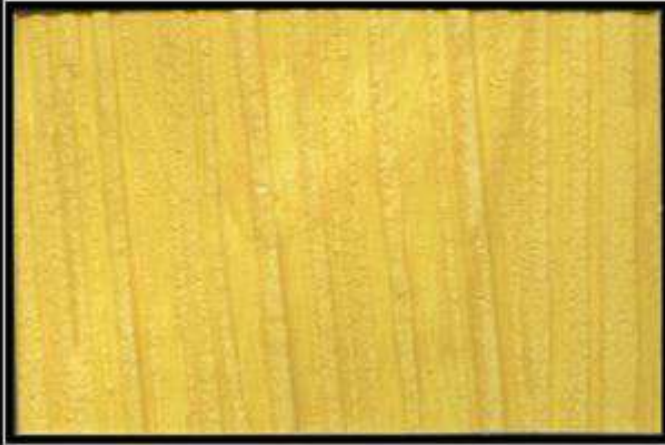

**Liner Effect** AR 2071

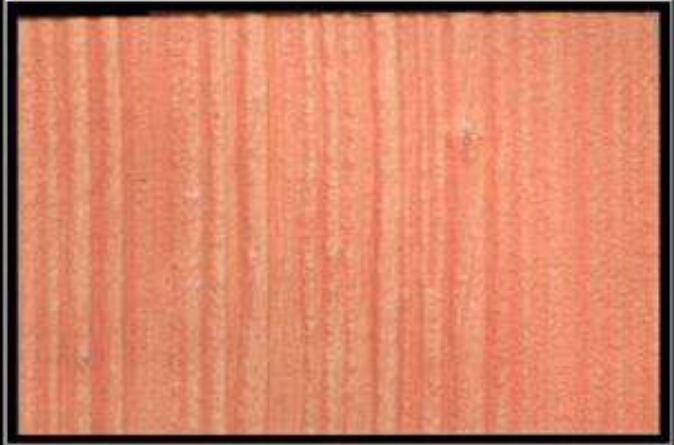

*Liner effect is achieved by a special liner tool. Different liner designs like straight, criss-cross and diagonal lines can be made by using the tool.*
